About Helen

Since graduating, Helen Dawson has worked in hospitals, aged care facilities, as a consultant and in her private practice for over 7 years. Apart from treating clients, Helen has supervised undergraduate and post graduate Speech Pathology students. Presently Helen's work includes working at a residential care facility for people living with dementia, a variety of consultancy projects and her private practice. Helen has presented at National Conferences and a range of workshops. She is a qualified workplace assessor and regularly presents a variety of training sessions to staff. These various work environments and range of clients ensures Helen's diverse experience and clinical practise remains current.
