About Ros Barnes

Graduated in 1979 from Curtin University. Initially worked as a general speech pathologist at PMH, then specialised in craniofacial disorders, especially cleft lip and palate. Left PMH position as Deputy Chief Speech Pathologist in 1992, and established private practise in Fremantle region. Satellite practice established at SkillBuilders Therapy Services for Children in Leeming in 2001.

Services fall into 2 categories

- a) a general paediatric speech pathology service,
- b) specialised services for adults and children
 - craniofacial anomalies and their related articulatory and resonance disorders,
